

ePoster Oral Presentation Programme - Tuesday 5th December 2023

Session 1 – 10:10 – 10:50

Abstract Type: Acute Care

- Screen 1 [Associations between basic physiological observations recorded pre-thrombectomy and functional outcome: a systematic review and meta-analysis.](#)
Presented by Hannah Lumley, PhD Student
- Screen 2 [Development and evaluation of training aimed at reducing ambulance on-scene times with suspected stroke patients](#)
Presented by Graham McClelland, Paramedic Research Fellow
- Screen 3 [Indicators and predictive models of mortality within 30 days of ischaemic stroke: A systematic review and meta-analysis](#)
Presented by Clare Gordon, Senior Research Fellow; Consultant Nurse Stroke Medicine
- Screen 4 [Neuromuscular electrical stimulation for venous thromboprophylaxis: a systematic review](#)
Presented by Bushra Kabiri, Medical Student
- Screen 5 [Pre-hospital stroke video triage in North Cambridgeshire, United Kingdom](#)
Presented by Joanna Clayden, Senior Programme Manager, East of England ISDNs and Dawn Monaghan-Patel, Quality Improvement Manager – Stroke Network (North ISDN), NHS England
- Screen 6 [Surface neuromuscular electrical stimulation of the peroneal nerve using the geko TM device for the prevention of venous thromboembolism in patients with acute stroke](#)
Presented by Christine Roffe, Professor of Stroke Medicine

Abstract Type: Cognitive, Emotional and Psychological

- Screen 7 [Long-term psychological outcomes following stroke: The OX-CHRONIC study](#)
Presented by Andrea Kusec, Postdoctoral Research Associate

Screen 8 [The effect of small vessel disease on depression and cognitive impairment after intracerebral haemorrhage: data from the RIGHT-2 and TICH-2 trials](#)

Presented by Kailash Krishnan, Consultant in Stroke Medicine

Screen 9 [The natural recovery of visuospatial neglect after stroke: a systematic review and meta-analysis](#)

Presented by Nele Demeyere, Associate Professor

Abstract Type: Primary Care

Screen 10 [A twenty-year trend in stroke incidence: The South London Stroke Register](#)

Presented by Aliya Amirova, Research Associate

Abstract Type: Primary Prevention and Risk Factors for Stroke and Genetics

Screen 11 [Machine Learning Supports Risk Prediction for Stroke with Unbalanced Data in The KERALA-AF Cohort](#)

Presented by Yang Chen, Dr

Abstract Type: Rehabilitation

Screen 12 [Georges Place - A localised, bespoke, online community for Northamptonshire stroke survivors and beyond](#)

Presented by Leanna Luxton, Community Stroke Team Lead

Screen 13 [Implementing High Intensity Repetitive Task Practice in a NHS Stroke Rehabilitation Unit. A Quality Improvement Project.](#)

Presented by Dawn Lamb, Advanced Specialist Physiotherapist Acute Stroke and Neurological Rehabilitation

Screen 14 [Interventions to influence leisure participation following stroke: a scoping review](#)

Presented by Kathryn Jarvis, Senior Research Fellow

Screen 15 [TELerehabilitation in STroke CARE; how it works and for whom to inform recommendations for practice. The TELSTAR study protocol.](#)

Presented by Niki Chouliara, Senior Research Fellow

Abstract Type:

Screen 16 [Poster no longer in programme](#)

Abstract Type:

Secondary Prevention and TIA

Screen 17 [Development and validation of a model to identify people who are unlikely to have atrial fibrillation after stroke](#)

Presented by Georgios Katsas, Clinical Pharmacologist – Pharmacist
