All talks will be delivered live as information style. An online chat box will be available during the sessions to write your comments, express your feelings with an emoji or ask questions.

*During the break you have the option to drop into an informal breakout room. Here you'll be able meet the speakers and Stroke Association staff or join other attendees for an informal coffee break.

We know we cannot replicate the natural conversations held during a face to face event but hope this will help you connect with others, see fellow attendees over the screen and make new acquaintances.
