Acute Care

OG01
Purines for Rapid Identification of Stroke Mimics (PRISM): A diagnostic accuracy study

OG02
Outcomes for patients who have undergone decompressive hemicraniectomy for malignant MCA syndrome in Northern Ireland
Joyce N, Donaghy A, Sekar V, Rajkumar S, Shomuganathan M, Kerr E

OG03
Alteplase-Tenecteplase Trial Evaluation for Stroke Thrombolysis (ATTEST 2)
Murray A, Ford I, Wardlaw J, Ford G

OG04
Whole brain Human Ischaemic Stroke Perfusion and Extended Re-canalisation study (WHISPER)
Biswas V, El Tawil S, Porter D, Jampana R, Muir K

OG05
TEMPO-2: TNK-tPA for minor ischemic stroke with proven acute symptomatic occlusion trial-2
Coutts S B

Basic Neuroscience

OG06
Prevention Of Hypertensive Injury to the Brain by Intensive Treatment in IntraCerebral Haemorrhage (ICH): PROHIBIT-ICH
Werring, D, Butt S, Silver L, McGurian I, Wilson M, Rothwell P

Case Reports and Interesting Cases

OG07
Antiplatelet – To prescribe or not to prescribe in lactating mother with acute stroke
Barot H, Moqsith M, Ayes K
Cognitive, Emotional and Psychological

OG08
Acceptance and Commitment Therapy (ACT) to address psychological distress in life after stroke – work in progress
Patchwood E, Vail E, Bowen A, Hill G

OG09
Adjustment post-stroke and aphasia: the SUpporting well-being through PEer-Befriending (SUPERB) feasibility trial

Communication and Aphasia

OG10
Knowledge and Attitudes Towards Aphasia
Seckam A

OG11
Feasibility Study of a Supported Self-management Intervention for Stroke Survivors with Aphasia (StarStep study)
Wray F, Clarke D J, Forster A, Madeline Cruice

Diagnosis and Imaging

OG12
A national cross-sectional survey exploring clinicians’ perspectives of using the Head Impulse-Nystagmus-Test of Skew (HINTS) test for differential diagnosis of patients presenting with acute dizziness
Barrett C, Schmidtmann G, Bunn L, Kaski D

OG13
Dynamic lesions and symptoms following mild stroke

Health Economics, Quality Improvement, Service Development

OG14
Opportunities for shared inter-professional stroke learning
May H, Patel M, Birns J, Bhalla A

OG15
National project in England to reduce unwarranted variation in stroke care: Getting in Right First Time (GIRFT) Stroke
Hargroves D, Lowe D
Other – where previous categories are not relevant

OG16
The use of Graphic Communication in persuading the Welsh population to ‘Get Involved’ in Stroke Research

Primary Prevention and Risk Factors for Stroke and Genetics

OG17
UK South-Asian stroke: Early analysis of the Bio-Repository of DNA and Stroke (BRAINS)
Sharma S¹, Aurelius T Han T S, Sharma P

OG18
A randomised controlled trial to determine if screening for atrial fibrillation reduces stroke and mortality: SAFER programme – Screening for Atrial Fibrillation with ECG to Reduce stroke

Rehabilitation

OG19
Seckam A, Treadaway C, Jelley B

OG20
Untangling the issues people have using number and maths skills in everyday life after stroke: The process of designing and trialling a joint Occupational Therapy and Speech and Language Therapy screening tool to aid assessment and treatment planning in an Early Supported Discharge Team McMahon A, Pocock G

OG21
Acceptability and clinical trial feasibility evaluation of auditory rhythmical cueing to improve gait and physical activity in community dwelling stroke survivors (ACTIVATE): Study progress (work in progress)

OG22
Talking about recovery: A qualitative study of current practice in stroke units
Burton L J, Clarke D, Johnson J, Crocker T, Tyson S

OG23
A feasibility Study of Prisms And Therapy In Attention Loss after stroke (SPATIAL feasibility): Work in Progress
OG24
Investigating a home-based self-administered computerized therapy for spatial neglect post-stroke (c-SIGHT): preliminary findings of a usability study
Rossit S, Jolly A, Morse H, Pomeroy V

OG25
RETurn to work After stroKE (RETAKE); Ongoing Trial Internal Pilot

Secondary Prevention and TIA

OG26
The Triple therapy prevention of Recurrent Intracerebral Disease EveNts Trial (TRIDENT)

OG27
Community management of blood pressure and AF detection - community pharmacy and community stroke team working together
Stevens J, McCaul F

Social and Community Care and Service Development (Practice)

OG28
Beyond Words: An evaluation of stroke training for staff in Four Seasons Residential Homes
Kennedy N, Ferguson U, Macaulay B

Vision and Sensory

OG29
Brain imaging reveals regions in damaged visual fields amenable to visual rehabilitation after stroke
Beh A, Watson D, Burton M, Schluppeck D, Webb B
Acute Care

OG30
Outcomes using stent-retriever in combination with contact aspiration and flow reversal for recanalisation compared with stent-retrievers and aspiration without flow reversal in acute ischaemic stroke from large-vessel occlusion: a single-centre experience

OG31
Impact of comorbidity on outcome in patients undergoing mechanical thrombectomy for acute anterior circulation stroke
Sammaraiiee Y, Simister R, Orr J, Cowley P

OG32
Quality of Life in patients with acute anterior large vessel occlusion managed in the hyper-acute setting
Sammaraiiee Y, Simister R, Orr J, Cowley P

OG33
Desmopressin for reversal of Antiplatelet drugs in Stroke due to Haemorrhage (DASH): rationale and design of a phase II double blind randomised controlled trial

OG34
Inflammation after intracerebral haemorrhage: Understanding the pathophysiology to enhance brain repair
Williams R, Read A, Trippier S, Ghatala R, Zhang L, Hainsworth A, Shtaya A

Case Reports and Interesting Cases

OG35
Ovarian Hyperstimulation Syndrome and Cerebral Venous Sinus Thrombosis - a rare cause of Stroke in Early Pregnancy
Collas D, Chudasama A, Ghandi H

Cognitive, Emotional and Psychological

ON36
Morbidity Prevalence Estimate at Six Months Following a Stroke
Smith A, Bains N, Hewitt J, Copeland L, Pennington A, Carter B
OG37
Rates, Risks and Routes to Reduce Vascular Dementia (R4VaD)
Backhouse E V

OG38
Mood Assessment and Management Pathway Following Stroke
O’Leary K, Lapadatu I

Communication and Aphasia

OG39
Promoting self-efficacy in people with aphasia
Pitt R, Hill A J, Nicholas M

OG40
The impact of the Telerehabilitation Group Aphasia Intervention and Networking program on communication, participation and quality of life in people with aphasia
Pitt R, Hill A J, Theodoros D, Russel Tl

Diagnosis and Imaging

OG41
The Role of Dual Energy Computed Tomography (DECT) Imaging in the Management of Post Thrombectomy Patients with Suspected Haemorrhage
Anderson G and Gordon P

OG42
Dynamic lesions and vascular risk factors in patients with mild stroke

OG43
Alteplase-Tenectaplace Trial Evaluation for Stroke Thromboysis (ATTEST-2) - Imaging Substudy
Mahmood A, Murray A, Muir K

Health Economics, Quality Improvement, Service Development

OG44
Transforming Practice with Supported Self-Management Training in Stroke Services: The “People1st” project
Hancock N J, Houghton J

Other – where previous categories are not relevant
OG45
Incidence, Types And Nature of Post-Stroke Pain: Systematic Review of Literature and Meta-Analysis

Primary Care

OG46
Development of a Comprehensive Intervention to Support Individuals with anticoagulation to prevent Stroke (DECISIONS)

Primary Prevention and Risk Factors for Stroke and Genetics

OG47
Antiplatelet Therapy Prior To Index Stroke and Mortality Outcomes in Scotland: A National Database Study
MacLeod M J, Sterling K A, Langhorne P, Turner M

OG48 - WITHDRAWN
Cross Party Atrial Fibrillation (AF) Inquiry in Northern Ireland: Exploration into Prevention, Screening and living with AF
Kennedy N, Johnson N

Rehabilitation

OG49
We Walk: Development of a person-centred, dyadic intervention to promote regular outdoor walking after stroke

OG50
National survey of speech and language therapists’ clinical expertise in discourse analysis for post-stroke aphasia rehabilitation
Cruice M, Dipper L, Marshall J, Bottling N Pritchard M, Boyle M, Hersh D

OG51
Optimal early rehabilitation after stroke (AVERT DOSE)
Mead G, Williams C, Langhorne P, Bernhardt J

OG52
How activated are people to manage their health after stroke? An exploratory study using the Patient Activation Measure (PAM)
Webster D A, Newton J L, Hackett, K L

OG53 - WITHDRAWN
Stroke nurses in Community Stroke Teams: more than just blood pressure
Stevens J, Boyden C, Lucas J, Gilchrist L, Harrington L

OG54
Return to work after stroke: a systematic review and evidence synthesis
Radford K, Powers K, Bell B, Cripps R, McKeivitt C

OG55
An Investigation into Sleep Quality after Stroke

Secondary Prevention and TIA

OG56
The LACunar Intervention Trial 2 (LACI-2). A prospective randomised open label blinded endpoint partial factorial trial testing cilostazol and/or isosorbide mononitrate in lacunar stroke
The LACI-2 Trial Investigators

Vision and Sensory

OG57
Clinical Pathway for the Assessment & Management of Visual Changes Following Stroke
Corlett B, Walker M, Ellis H, O'Leary K
