12th UK Stroke Forum Conference
Tuesday 28 - Thursday 30 November 2017
ACC, Liverpool

Preliminary Programme as of 12.07.17
(The UKSF reserves the right to amend speakers and content within this preliminary programme)

Training Day – Tuesday 28 November

10:00 – 17:00  Registration open
Refreshments served from 10:00 in the Exhibition Hall (Hall 2 Lower Level)
Lunch served at 11:45-12:30 in the Exhibition Hall (Hall 2 Lower Level)
10:00 – 18:15  Exhibition open (Hall 2 Lower Level)

10:00 – 12:15  National Stroke CLAHRC Meeting (invitation only)
Room 12  Chair: TBC

Training Stream 1

12:30 – 14:30  British Association of Stroke Physicians Training (Part 1)
Auditorium  Chair: Dr Declan O'Kane (Consultant in Stroke Medicine and Acute Medicine at Northampton General Hospital)
14:30 – 15:00  EXHIBITION & REFRESHMENTS
Hall 2
15:00 – 17:00  British Association of Stroke Physicians Training (Part 2)
Chair: Dr Declan O'Kane (Consultant in Stroke Medicine and Acute Medicine at Northampton General Hospital)

Training Stream 2

12:30 – 17:00  Developing a Career in Stroke Research (Part 1)
Room 3B  Chair: Dr Kate Holmes (Assistant Director of Research, Stroke Association)
14:30 – 15:00  EXHIBITION & REFRESHMENTS
Hall 2
15:00 – 17:00  Developing a Career in Stroke Research (Part 2)
Chair: Dr Kate Holmes (Assistant Director of Research, Stroke Association)

14:30 – 15:00  EXHIBITION & REFRESHMENTS
Training Stream 3

Nursing and Rehabilitation Training Workshops – Research Into Practice
Delegates can choose to attend four workshops in total (one workshop from each set) Please note some workshops are repeated. These workshops feature practical activities to help you to support stroke survivors.

Spaces on these workshops are limited due to the nature of the sessions, therefore delegates are asked to arrive 5-10 minutes before the workshop begins and form a queue, spaces will be allocated on a first-come-first-served.

Please see the nursing/rehabilitation workshop timetable for a full schedule

A refreshment break is scheduled from 14:30 - 15:00 in Exhibition Hall (Hall 2, Lower Level)

Re-thinking falls risk and management after stroke
Chair: TBC

Speakers: Dr Mary Walsh (Physiotherapist and Researcher, School of Physiotherapy, Royal College of Surgeons in Ireland, Dublin)
Assistant Professor Kate Robertson (Occupational Therapist, University of Nottingham)

Session Overview
The current evidence for methods of falls-prediction and prevention will be presented. Results from qualitative research around stroke survivors own experiences of living with falls-risk will also be described. Participants of this workshop will be challenged to reflect and discuss their understanding of falls-risk specifically in relation to stroke survivors living in the community. Problem-solving through different clinical scenarios will be facilitated. Participants will be encouraged to share their experience and knowledge of specific management strategies and to consider how they would work in practice.

Oral Care: Tailoring individual care needs
Chair: TBC

Speaker: Professor Marian Brady (Professor Stroke Care & Rehabilitation, NMAHP Research Unit)

Session Overview
TBC

Using apps and websites to rehabilitate post stroke visual impairments
Chair: TBC

Speaker: Alexander Green (Stroke Specialist Orthoptist, Wales)

Session Overview
Overview of the applications and websites which are available to provide therapy and information resources for patients, families, carers and professionals in the area of post stroke visual impairment.
Upper limb

Chair: TBC

Speaker: Dr Nick Ward (Reader in Clinical Neurology & Honorary Consultant Neurologist, Sobell Department of Motor Neuroscience UCL Institute of Neurology and National Hospital for Neurology and Neurosurgery)

Session Overview
TBC

DEBATE Session: Predicate recovery 70% rule, where they would be?
If you could predict the outcome then therapy wouldn't be needed!

Chair: Professor Audrey Bowen (Stroke Association /John Marshall Memorial Professor of Neuropsychological Rehabilitation, University of Manchester)

Speakers:

Dr Andrew Bateman (Director of Research at The Oliver Zangwill Centre for Neuropsychological Rehabilitation, University of Cambridge)

TBC

VS

Professor Avril Drummond (Outgoing Chair of UK Stroke Forum; Occupational Therapist and Professor of Healthcare Research, University of Nottingham)

TBC

Session Overview
TBC

How can we prime plasticity after stroke? Motor and sensory adjuncts to therapy

Chair: Dr Ulrike Hammerbeck (Research Physiotherapist, University of Manchester)

Motor techniques and exercise/mirror box
Professor Frederike Van Wijck (Professor in Neurological Rehabilitation, Glasgow Caledonian University)

Sensory stimulation and motor imagery
Dr David Punt (Senior Lecturer, School of Sport, Exercise and Rehabilitation Sciences, University of Birmingham)

Session Overview
TBC

---

3
Relationship changes after stroke: psychological tips for the whole team

Chair: Dr Shirley Thomas (Associate Professor in Rehabilitation Psychology, University of Nottingham)

Speakers: Dr Posy Knights (Clinical Psychologist, Nottinghamshire Healthcare NHS Trust and Sherwood Forest Hospitals NHS Foundation Trust)

Dr Tabatha Kon (Senior Clinical Psychologist, South West Yorkshire Partnership Foundation NHS Trust)

Session Overview
It is easy for close relationships to deteriorate in the months following a stroke. This workshop draws upon both research in this area and couple’s therapy to provide small interventions, questions that can be slipped into everyday conversations with patients, partners and carers that may help couples keep their relationships on track. Learn about relationship dynamics and how key communications can help to keep relationships strong through the challenges of a major unplanned life event.

Recognising stroke and stroke mimics

Chair: Dr Chris Price (Clinical Senior Lecturer/Consultant, Newcastle University)

Is it a stroke? Identification scores in practice
Dr Matthew Rudd (Research Group, Newcastle University)

But is it a mimic?
Graham McClelland (Research Paramedic, North East Ambulance Service, Newcastle University)

Interactive case presentations
Dr Louise Southern

Session Overview
Stroke identification is challenging and there are a number of symptom checklists to help identify the commonest presentations. This session will present an overview of the pros and cons of different approaches to early stroke identification, and consider additional information which will specifically aid identification of stroke mimic conditions. There will be interactive case presentations to illustrate learning

‘I have never felt this tired before’
Fatigue - is there anything clinicians can do?

Chair: TBC

Speakers: Louise Hawkins (Faculty of Medicine and Health Sciences, University of Nottingham)

Professor Avril Drummond (Outgoing Chair of UK Stroke Forum; Occupational Therapist and Professor of Healthcare Research, University of Nottingham)

Session Overview
Fatigue is common after stroke. However despite a wealth of publications and research on the topic, there are relatively few clinical recommendations for treatment and management. The aim of this session is to explore possible coping strategies and to provide practical guidance for clinicians.
Unilateral spatial neglect: a practical workshop on standardised functional assessment and prism adaptation training

Chair: TBC

Speakers: Peggy (Peii) Chen (Stroke Rehabilitation Research Kessler Foundation, United States of America)
Kimberley Hreha (Stroke Rehabilitation Research Kessler Foundation, United States of America)

Session Overview
Spatial neglect commonly occurs after stroke. It is the failure or slowness to attend, orient, and/or make movements towards stimuli in the contra-lesional side of space. Prism adaptation treatment is one of the most promising interventions. We will highlight spatial neglect’s clinical impact, demonstrate prism adaptation, and discuss our ongoing efforts in clinical implementation. In addition, we will introduce the KF-NAP, a standardized method using the Catherine Bergego Scale assessing neglect symptoms during daily activities.

Main Conference Day 1 – Wednesday 29 November

08:00 – 18:00  Registration and Exhibition open
Registration is open from 08:00 in the Entrance Foyer
Refreshments served from 08:00 in the Exhibition Hall (Hall 2 Lower Level)

Breakfast Sessions

08:00 – 08:50  Satellite Symposium:
Auditorium  Chair: TBC

08:00 – 08:50  BASP – trainee abstract presentations
Room 3  Chair: Professor Rustam Al-Shahi Salman (Professor of Clinical Neurology, University of Edinburgh)

Plenary 1  The future of stroke care

09:00 – 10:30  Plenary 1
Auditorium  Chair: Professor Peter Langhorne (Chair of UK Stroke Forum, Professor of Stroke Care, University of Glasgow)
Welcome
Speakers: TBC
Stroke survivor perspective
Michael Lynagh (Retired Rugby Player, Stroke Survivor)
Questions and answers

10:30 – 11:45  REFRESHMENTS & EXHIBITION
Hall 2
10:45 – 11:35  POSTER TOURS

10:50 – 11:40  TRIDENT trial meeting
Room 3  Chair: TBC

10:50 – 11:40  The voices of stroke survivors from the UK Stroke Assembly
Room 11  Chair: Nicola Stanford (Stroke Association)

10:50 – 11:40  HeadPost investigator trial meeting
Room 4  Chair: Professor Dame Caroline Watkins (Chair Elect of UK Stroke Forum, Professor of Stroke and Older People’s Care, University of Central Lancashire)
Parallel Sessions 1

11:45 – 13:00

**Parallel Session 1A**

**DEBATE: Further down the line: who is responsible for longer term stroke care?**

**Chair:** Dr Gavin Young (*Consultant Neurologist, South Tees Hospitals NHS Trust*)

**11:45 – 11:50**

**Welcome**

**11:50 – 12:50**

**Primary care**

Professor Jonathan Mant (*Professor of Primary Care Research, University of Cambridge*)

Dr Deborah Lowe (*Consultant Stroke Physician & Geriatrician Clinical Service Lead for Stroke & Rehabilitation Acting Clinical Lead for Stroke, Mersey & Cheshire Stroke Network*)

**Secondary care**

Dr Matthew Fay (*Medical Director of the NHS Practitioner Health Programme, GP, Westcliffe Medical Practice, Bradford*)

Professor Pippa Tyrrell (*Chair in Stroke Medicine, Division of Cardiovascular Sciences, University of Manchester*)

**12:50 - 13:00**

**Questions and answers**

---

11:45 – 13:00

**Parallel Session 1B**

**Clot-busting: what you need to know about mechanical thrombectomy and its implementation**

**Chairs:** Professor David Werring (*Professor of Clinical Neurology, UCL, London, Consultant Neurologist, University College Hospitals NHS Foundation Trust*)

Professor Martin Dennis (*Chair of Stroke Medicine, Centre for Clinical Brain Sciences, Stroke Research Group, University of Edinburgh*)

**Welcome**

**A brief overview of the evidence**

Professor David Werring (*Professor of Clinical Neurology, UCL, London, Consultant Neurologist, University College Hospitals NHS Foundation Trust*)

**Implementation: challenges for urban and non-urban (rural) settings**

Dr Ian Rennie (*Consultant Interventional Neuroradiologist, Belfast Health and Social Care Trust*)

**Thrombectomy: current state of the art in practice**

Professor Phil White (*Professor of Interventional and Diagnostic Neuroradiology, Newcastle University*)

**Uncertainties and new frontiers**

Professor Keith Muir (*SINAPSE Chair of Clinical Imaging Stroke and Brain Imaging, University of Glasgow*)

**Questions and answers**
### Parallel Session 1C
**What’s new in aphasia?**

**Chair:** Dr Sue Pownall *(Research Lead, University of Sheffield)*

#### Welcome

**New findings: Intensive speech and language therapy in patients with chronic aphasia after stroke (RCT)**
Dr Stefanie Abel *(Clinical Senior Lecturer in Cognitive Neuroscience of Speech and Language, Neuroscience and Aphasia Research Unit (NARU), University of Manchester)*

**Findings from the Rehabilitation and recovery of people with Aphasia after Stroke (RELEASE) project**
Professor Marian Brady *(Professor Stroke Care & Rehabilitation, Glasgow Caledonian University)*

**Technology and the future: EVA Park and virtual reality**
Professor Jane Marshall *(Researcher, Divisional of Language and Communication Science, City University)*

#### Questions and answers

Findings from the behavioural activation therapy for depression after stroke (BEADS) feasibility study
Dr Shirley Thomas (Associate Professor in Rehabilitation Psychology, University of Nottingham)

Questions and answers

15:30 – 16:30 REFRESHMENTS & EXHIBITION (Hall 2)

15:40 – 16:20 FOCUS, RESTART, and SoSTART Investigators Meeting
Chairs: Professor Martin Dennis (Chair of Stroke Medicine, Centre for Clinical Brain Sciences, Stroke Research Group, University of Edinburgh)

Professor Rustam Al-Shahi Salman (Professor of Clinical Neurology, University of Edinburgh)

15:40 – 16:20 Stroke risk and outcomes in BME communities / cultural awareness
Chair: TBC

15:40 – 16:20 ‘It couldn’t happen to us’ - a short play
Chair: Nirjay Mahindru (Chief Executive, InterAct Stroke Support Charity)

Plenary 2

16:30 – 17:15 Princess Margaret Memorial Lecture
Chair: Professor Peter Langhorne (Chair of UK Stroke Forum, Professor of Stroke Care, University of Glasgow)

Welcome and prizes

Why clinical research is essential to high quality services
Professor Martin Dennis (Chair of Stroke Medicine, Centre for Clinical Brain Sciences, Stroke Research Group, University of Edinburgh)

Questions and answers

17:20 – 18:00 Satellite Symposium
Chair: TBC

19:00 – Midnight ‘60’s’ Gala Dinner, themed evening of dining and entertainment

The Rum Warehouse at the Titanic Hotel

Dust off your bell bottoms, throw on your love beads and join us for our themed 60’s gala dinner! An evening of scrumptious food and excellent entertainment at the uber funky Rum Warehouse. The evening begins at 7pm with a drinks reception, followed by a three-course dinner and dancing to an incredible band. The dress code is smart evening wear or optional groovy 60’s attire! Entrance with ticket only.
Main Conference Day 2 – Thursday 30 November

08:00 – 13:00  Registration and Exhibition Open

Parallel Sessions 3

08:30 – 09:45  Parallel Session 3A
Auditorium

Diagnosis and prevention of pneumonia

Chair: Dr David Smithard (Stroke Medicine, Spire St Saviour’s Hospital, Hythe)

Welcome

Diagnosis and risk-stratification / Aetiology/ pathophysiology of pneumonia
Professor Craig Smith (Consultant in Stroke Medicine, Salford Royal Hospitals NHS Foundation Trust)

Dysphagia/aspiration assessment
Dr Sue Pownall (Head of Speech and Language, Sheffield Teaching Hospital NHS Foundation Trust)

Strategies for the prevention of pneumonia
Professor Christine Roffe (Stroke Physician at the Royal Stoke University Hospital and Professor of Stroke Medicine at Keele University)

Questions and answers

08:30 – 09:45  Parallel Session 3B
Room 3

Promoting and measuring self-efficacy and self-management

Chair: Professor Pip Logan (Professor of Rehabilitation Research, College of Occupational Therapists Specialist Section Neurological Practice)

Welcome

What do people really want? How to make self-management support right for everyone post stroke
Professor Fiona Jones (Professor of Rehabilitation, St George’s University of London and Kingston University)

Understanding and measuring the burden of supported self-care rehab for people with stroke and their families
Dr Sara Demain (Lecturer in Physiotherapy, University of Southampton)

Self-Management VOICED (Valued Outcomes of Importance: ConsEnsus and Disparity)
TBC

Questions and answers
**08:30 – 09:45**  
**Room 11**  
**Parallel Session 3C**  
State of the art in secondary prevention after ICH  

**Chair:** Dr Nikola Sprigg *(Associate Professor, Faculty of Medicine and Health Sciences, University of Nottingham)*

Welcome  

**(Re) starting aspirin**  
Professor Rustam Al-Shahi Salman *(Professor of Clinical Neurology, University of Edinburgh)*

**Lowering blood pressure**  
Professor Tom Robinson *(Head of Department and Professor of Stroke Medicine, University of Leicester)*

**(Re) starting anticoagulants**  
Professor Roland Veltkamp *(Professor of Neurology, Imperial College, London)*

**Other medical therapy, including statins**  
Professor David Werring *(Professor of Clinical Neurology, UCL, London, Consultant Neurologist, University College Hospitals NHS Foundation Trust)*

Questions and answers

---

**08:30 – 09:45**  
**Room 4**  
**Parallel Session 3D**  
Improving quality of life with post stroke visual impairment  

**Chair:** Claire Howard *(British and Irish Orthoptic Society Lead for Stroke and Neuro Rehabilitation)*

Welcome  

**e-therapies to support post-stroke reading impairments**  
Professor Alex Left *(Professor of Cognitive Neurology, Institute of Neurology, UCL)*

**Therapies to improve visual scanning / visual search after stroke**  
Dr Daniel Smith *(Associate Professor in the Department of Psychology, Durham University)*

**Returning to work with visual impairment following stroke**  
Stevie Johnson *(RNIB UK)*

Questions and answers

---

**09:45 – 10:45**  
**Hall 2**  
**REFRESHMENTS & EXHIBITION**

**10:00 – 10:35**  
**POSTER TOURS**

**10:30 – 10:45**  
**SOAPBOX SCIENCE**

**10:00 – 10:40**  
**Room 3**  
**Stroke survivors’ perspective: loss of the sense of self and social identity**  

**Chair:** TBC
