

# Stroke Assembly

Workshop 1a:

**Making our resources for you  
more accessible**

Katie Underhill

The UK Stroke Assembly is sponsored by:

Hosted by

# In the session today...

We will talk about:

- What **'accessibility'** means
- How we make our resources accessible
- How we could **do more**

#strokeassembly

# Our resources

Tell people:

- about **stroke** and its **effects**
- what **support** is available

#strokeassembly

Finding **help** after a **stroke**

Call our Helpline on **0303 3033 100**  
or visit [stroke.org.uk/gethelp](https://stroke.org.uk/gethelp)

Stroke strikes every five minutes in the UK.  
It can change your life in an instant.

But whether it has happened to you or someone close to you, we are here to help.

We are the Stroke Association, the UK's leading charity dedicated to conquering stroke.

Together we can conquer stroke

Aphasia guide

#strokeassembly

# We have a long way to go...

- Our approach isn't always consistent
- We could do a lot more

# Discussion – Group 1

- What **challenges** do you face when using our information?
  - What challenges might other stroke survivors face?
- What would make it **easier** for you to access our information?
- What do others organisations do well? Why?

# Discussion – Group 2

- Look at our **Welcome Pack**
- How could we give **important information** to stroke survivors in a more **accessible** way?

# Summary

## **We've talked about:**

- What 'accessibility' means
- How we make our resources more accessible
- What we can do better

## **Your input will:**

- Help people affected by stroke get the information and support they need in a way that works for them
